Program Goals

State and Local Partnerships (SLP) fosters the growth and development of arts and culture at the local level in all of the state's communities and regions. SLP provides support to Local Arts Councils, Multi-Arts Centers, and Multi-Arts Service Organizations operating at the regional, county, and local levels that advance arts and cultural initiatives across artistic disciplines and offer comprehensive arts services essential to the state's continued cultural development.

SLP also manages Decentralization (DEC), the Council's statewide regrant program. DEC provides support for community-based arts activities through a local decision-making grant process that reflects the unique character of each of the state's communities. DEC is administered through a network of local arts organizations and is available to artists and organizations in each of the state's 62 counties.

Program Information

Definitions

Local Arts Councils

Local arts councils provide services and programs to artists, arts organizations and the general public across artistic disciplines including local arts advocacy, regranting, arts marketing efforts, formal technical and developmental assistance programs and information services.

Multi-Arts Centers

A multi-arts center is an organization that owns or operates an accessible cultural facility and offers participatory multi-disciplinary community arts programs, presentations, and exhibitions along with a range of resources for artists and local arts organizations. Programs must be regularly offered in at least three of the following areas: performing arts, visual arts, media arts, and/or literary arts.

Multi-Arts Service Organizations

Multi-arts service organizations are mission-driven to provide access to professional resources, information, and developmental and/or technical services for artists and arts organizations across multiple artistic disciplines.

Goals

- Strengthen the leadership role of arts organizations within their respective communities and their efforts to encourage cultural development and increase resources available for the arts.
- Encourage greater public participation in the arts by all segments of the state's population through support for a wide range of local, regional, and statewide programs and services responding to community cultural needs that reach the full diversity of each community served.
- Enhance the professional capability of multi-arts organizations operating on the local level and of arts service organizations promoting arts development services regionally and/or statewide.

Priorities

- SLP primarily supports multi-arts centers, local arts councils, and multi-arts service organizations and places a high priority on organizations that provide a balance of programming and service offerings to their community.
- SLP focuses on issues that affect organizational stability, professionalism, and effectiveness. Priority is given to professional staff development, catalytic projects that enhance the resources and visibility of the arts, and services that support individual artists.
- Organizations that serve as Decentralization sites.

The NYSCA grant program strives to make investments of public funds that serve all communities and people that comprise New York State's citizens and visitors. NYSCA strongly supports, values and encourages the sustained and concerted efforts of non-profit art, culture and heritage organizations to be inclusive and have its workforce, artists and programmatic offerings reflect New York State's diversity of people, geography and artistic interests.
